All Natural Skin Care and Sunscreen announces the launch of a product unlike any other currently offered: Sugar, Baby!(tm) Edible Sugar Scrub. Rich Natural Jojoba Oil is the primary emollient ingredient, affording your skin a moisturizing experience superior to every sugar or salt scrub available today. Made with 100 percent natural, edible-grade ingredients, Sugar, Baby!(tm) nourishes your skin as you would choose to nourish the rest of your body -- with pure ingredients free of petrochemicals and other toxic compounds that have no business as part of your personal care routine.

ATTACHED FILES

Sugar, Baby!(tm) is available in two sizes, 4 ounce and 12 ounce, customizable with a variety of steam distilled or cold pressed essential oils. It's also fortified with 100 percent active Natural Vitamin E, and is delivered to your doorstep in an old-fashioned, reusable bail jar that eliminates leakage and can be reused later in your kitchen.

Erik Kreider, MS MBA, Founder of Kabana says, "Sugar, Baby!(tm) sets the standard for gently exfoliating moisturizing scrubs. Unlike Dead Sea Salt, sugar provides excellent exfoliating properties without the potential for skin sting which arises from microabrasions. Kabana evaluated dozens of products currently available in order to develop Sugar, Baby!(tm), and uses the richest ingredients that totally out-compete other manufacturer's products. Kabana doesn't skimp on quality, and this is demonstrated by our exclusion of cheap oils prone to spoilage such as peanut, almond and avocado; we also avoid the use of glycerin, instead choosing to add sunflower-seed derived Vitamin E. The result is a product that is such a pleasure to use you want to eat it too."
