Kabana Skin Care Creates The Spring Break Sun Safety Kit(tm) – Natural Sunscreen Products And Everything You Need To Know To Prevent Sunburn and Most Enjoy Your Vacation

Boulder, Colorado. March 9, 2007. Kabana Skin Care LLC, manufacturer of all natural skin care products and sunscreen, announces the launch of its new Spring Break Sun Safety Kit(tm). Packaged in an adventure-ready royal blue mesh bag are 1 and 4 ounce tubes of Kabana's Green Screen® SPF 15 All Natural Sunscreen, a 4 ounce jar of Kabana Crème(tm) Ultra Nourishing Moisturizer and a tube of Liplovers(tm) Natural Lipbalm, along with Kabana's Sun Safety Guide which describes five simple steps that will protect you from sunburn and keep you having fun in the sun during your vacation.

Erik Kreider, MS MBA, Founder of Kabana says, "Proper sun safety is very easy, however the mass media, dermatologists and sunscreen manufacturers in general have chosen not to educate consumers about the necessary activities outdoor enthusiasts must perform in order to eliminate the threat UV damage. The five easy steps detailed in the Sun Safety Guide will eliminate painful sunburn that can ruin a vacation, as well as significantly reduce your chances of developing skin cancer and experiencing premature aging and wrinkles in the future. We felt that it was a moral duty to provide the Sun Safety Kit that both educates our customers and contains the highest quality products to provide optimal UV protection and skin nourishment."
